Music Rivals FAQ

What is it?

Santa Clara Schools Foundation is putting on a music contest to showcase middle school and high school musical talent in the school district.

This will be an actual stage production with lights, cameras and an audience. Tickets will be sold for the event and all profits will go back into the schools of the district.

If I am not in band classes or choir can I still join?

Of course! All participants will have to audition in order to perform in the show. All auditions will happen at your school sometime after winter break.

I play the Violin and am not in band. What about me?

It's O.K. There will be a choice of three categories that you can participate in:

Vocals-with or without accompanist, without a band (e.g. Piano or CD without words)

Instrumental-any instrumental artist without vocal accompaniment

Band- all genres

I just heard the new NOFX album and I want to cover one of their songs for the show. Is that cool?

No worries! As long as the lyrics, musical content, and your costumes for the show are

appropriate for school. Feel free to perform a cover or original work. It is really up to you.

So, if it is a contest what do we win?

That, my friends, is a surprise. Top winners in each group will win various prizes to be announced in the near future. No worries! They will rock!

All right! I am ready to rock! What do I do?

Go to the office (middle school) or the ASB office (high school) and pick up your audition forms. Fill them out and turn them in. Then listen to the morning announcements for the audition date at your school.
